
Your ID and SSN help us keep your funds and information safe!

To assure excellent service, and to *protect your funds and information*, we require every person requesting to do business with us to identify her or himself by providing her or his current government picture identification (ID) and social security number (SSN) or other number for us to record.

3.b.

Additionally your ID and number help us protect you against fraud and identity theft.

Without your current government ID and number, we *may not* be able to do credit union business with you.

3.i.

Thank you for your assistance in helping us protect your funds and information and serve you!

Questions? Please contact us anytime we're open for business!
